1.5. Judging criteria

1.5.1 Basic/Elite eTramp Tournament

The number of the Judges per category depends from the number of registered Judges.

- 4 or 6 Judges will calculate the Execution of the routine, the two median marks of the Execution Judges are added together to give the gymnast's execution score for the routine

- 1 or 2 Judges will calculate the horizontal displacement (HD).
  If the video doesn't allow to judge the horizontal displacement, the value will be 7.0 point.

- 1 or 2 Judges will calculate the difficulty of the 2nd exercise

- 1 or 2 Judges will measure the Time of Exercise (ToE). The half of this value will be added.
  (Exception to COP 2017-2020: *Time of Exercise* instead of *Time of Flight*!)

Total score for a routine:

Execution + Execution + HD + (ToE / 2) = Total Score of 1st routine

Execution + Execution + HD + (ToE / 2) + Difficulty = Total Score of 2nd routine

See Code of Point for details, how to calculate execution, HD and difficulty.
